Rediawan Ibrahim

Software Engineer | Fullstack Developer

Jakarta, Indonesia | +62 896-9321-8083 | rediawanibrahim15@gmail.com

---

Professional Summary

Fullstack Developer with more than two years of experience developing and maintaining applications across frontend and backend environments.

Experienced in designing user-focused solutions, building scalable systems, integrating databases, and collaborating throughout the software development lifecycle. Adaptable, fast-learning, and highly motivated to continuously improve technical and problem-solving skills while contributing to impactful projects.

Technical Skills

Frontend : React, TypeScript, Vue.js, Angular, HTML, CSS, Bootstrap

Backend : Go (Fiber), JavaScript (Node.js, Express.js), C# (.Net)

Database : PostgreSQL, MySQL, Microsoft SQL Server

Tools : Docker, Git, GitHub (github.com/Bredcool), Cloudflare, Postman

---

Professional Experience

Universitas Indonesia Maju – Fullstack Developer (May 2023 – August 2025)

- Designed and implemented responsive frontend applications using Angular, TypeScript, HTML, and SCSS.
- Built and maintained backend services to support data processing, system integration, and business operations. Developed REST APIs to support data processing and system integration.

PT Reycom Document Solusi – IT Programmer (November 2022 – May 2023)

- Developed desktop applications using C# and Microsoft SQL Server. Automated data processing workflows and document generation.
- Built an Excel-to-PDF automation system capable of processing large datasets. Improved operational efficiency by reducing manual document processing.

Projects

Personal Portfolio (rediawanibrahim.pages.dev)

Building scalable, high-performance web applications with React, Go, and PostgreSQL — crafted with clean architecture, maintainable code, and user-focused design.

Bred AI Workspace (Coming Soon)

An AI-powered productivity platform that unifies intelligent chat, notes, file management, and collaborative workspaces into a seamless experience.

Education

Institut Bisnis Nusantara | Bachelor of Computer Systems | September 2017 – February 2022
